After detailing the particulars of the suits against the Standard company brought on behalf of the state of Ohio, Mr. Monnett said the companies comprising the trust were so distributed as to control all the oberations pertaining to production, transportation, refining and delivery of the products of the oil wells in Ohio, including even its own telegraph system. Referring to this telegraph line, Mr. Monnett said it had been developed so that it was exchanging business with the Western Union company, acting as a commercial carrier and making as cheaper rate to the constituent members of the trust than to other customers, functions which were outside the corporate authority of the trust. He also complained of the discrimination in railroad rates in favor of the Standard company tank lines,

The situation has become most alarming. To all appearances the Cubans are about to make armed manifestaare about to make armed manifesta-tions against the United States and its mode of governing the island, although the conservative element still hopes for peaceful arrangements. forming for the last two months. The first move has been made by the army. It will probably be supported by many Cubans.

The army, which is really represented (although many dispute his authority) by General Gomes, is particularly bitter against General Brooke and his policy. The soldiers declare they have been miserably fooled and trapped by the Americans. They look upon the exchange of a gun for \$75 as an ignominious transaction for them, as they have not been defeated by Americans, and consequently they refuse to exchange.

The vote on this dispatch was 59 in favor, against 85 opposed.

and outside observers might think Cuba
is on the verge of insurrection. Public
feeling in Havana is certaily excited,
but those whose judgment is worth

which will never lead to an overt act.
Governor General Brooke will go

cannot begin, however, until next week.
If the Cubans wish to surrender their

DEAR MRS. PINKHAM:-When I wrote to you last June, Dear Mrs. Pinkham:—When I wrote to you last June, I was not able to do anything. I suffered with back-ache, headache, bearing-down pains, pains in my lower limbs, and ached all through my body. Menstruations were very painful. I was almost a skeleton. I followed your advice and now am well and fleshy, and able to do all my own housework. I took medicine from a physician-for over a year, and it did not do me a particle of good. I would advise all suffering women to write to Mrs. Pinkham. She will answer all letters promptly, and tell them how to cure those aches and pains so common to women.—Mrs. C. L.
